BARRY L. BOBROW

Barry L. Bobrow is a Managing Director and the Head of Loan Sales & Syndications for Wells Fargo Capital Finance, and has worked for Wells Fargo since 2004. Barry began his banking career at Continental Illinois Bank and Trust Company of Chicago, where his early assignments included portfolio management in Continental Business Credit Group and syndication for asset-based lending. Continental was acquired by Bank of America in 1994. Over an 18-year career at Bank of America, he also served as Team Leader for middle market leveraged finance, Head of European Loan Syndication, and Syndicate Manager for asset-based lending. Barry is a past member of the Executive Committee of the Commercial Finance Association (CFA), and currently serves on several committees of the CFA, including as Chairman of the Asset-Based Capital Conference since its inception in 2009. He is also a past member of the Board of Directors of the Loan Syndication and Trading Association.

A native of Detroit, Barry holds an MBA and a BA in economics, both from the University of Michigan, and has series 79, 24 and 63 securities licenses from the National Association of Securities Dealers. He is a highly respected representative of the lending industry, speaking frequently at industry events and publishing numerous articles. He has lived in Charlotte, NC, for the past 20 years with his wife, Karen, and their three children, Anna, Sheldon and Jacob.

Barry believes strongly in the importance of giving back to his community by taking leadership roles in philanthropy. He is past President of the Board of Trustees of Temple Israel in Charlotte, the largest conservative synagogue in the Carolinas. He is currently on the Executive Committee of the Foundation for Shalom Park, which serves as an umbrella organization for all Jewish agencies in greater Charlotte.

Having been involved in asset-based lending throughout his 31-year banking career, Barry is honored to be invited to join the list of industry leaders who have helped raise critical funding for National Jewish Health over the years, and looks forward to celebrating this special evening with his family and friends in the industry.

Dear Friends and Colleagues,

Thank you for joining us tonight to honor Barry Bobrow and to support National Jewish Health, the leading respiratory hospital in the nation.

National Jewish Health, based in Denver, is the only facility in the world dedicated exclusively to the groundbreaking research and treatment of patients with respiratory, cardiac, immune and related diseases. Physicians and scientists at the institution have made cutting-edge discoveries that have improved the lives of patients around the world. Last year, National Jewish Health and the Icahn School of Medicine at Mount Sinai established the Mount Sinai – National Jewish Health Respiratory Institute in New York City (www.therespiratoryinstitute.org).

Since 1977, when this dinner was first held, many things have changed – in the region and at National Jewish Health. Two things, however, have remained constant: 1) the need for world-class medical care and research aimed at the most challenging diseases, and 2) people who step up to ensure that this important work gets done.

All of us can take pride in the generosity of the many supporters. Tonight, Barry, who has participated in this dinner for many years, joins a line of distinguished honorees whose friends and business associates have steadfastly supported an institution that is a national treasure.

Congratulations to Barry from all of us. We encourage you to page through the program and see all of the supporters who have helped make tonight possible. To everyone here, thank you for coming tonight and thank you for helping to support the millions of people who suffer from respiratory, cardiac, immune and related diseases.

Have a wonderful evening.

With gratitude,

Daniel Cott
Dinner Chair

Dorothy M. Killeen
Dinner Treasurer

WE HOPE™

At **National Jewish Health**, the nation's leading respiratory hospital, we breathe hope. For the past 118 years, our personalized care and innovative treatments for cardiac, immune, and related disorders have transformed the lives of millions of patients and their families. We breathe hope, so you can breathe life.

To make an appointment, call 800.621.0505 or visit njhealth.org.

Breathing Science is Life.™

**National Jewish
Health®**

Dear Friends,

Thank you for being a part of the 2017 Financial Industries Dinner benefiting National Jewish Health. Behind the scenes, our doctors, researchers, staff and leadership contribute to the success of the institution. Through your participation in this event, you share in this success, ensuring that important programs continue to transform lives, our scientists make groundbreaking discoveries to cure diseases and our physicians can care for all patients regardless of ability to pay.

At National Jewish Health, we are focused on innovation and the future. The work we do today will shape health care tomorrow. And the future of patient care lies with the kind of teamwork for which we are known. Pulmonologists consult with rheumatologists, cardiologists, gastroenterologists and allergists to make the right diagnoses and to develop a complete picture and plan for their patients. As a result, we diagnose diseases earlier and we also focus on prevention and precision medicine.

We would appreciate the opportunity to show you in person what makes National Jewish Health the leading respiratory hospital in the nation. Please let us know if you are interested in a Behind the Scenes visit.

On behalf of the dedicated faculty and staff at National Jewish Health, thank you for joining us at the 2017 Financial Industries Dinner. Best regards.

Sincerely yours,

A handwritten signature in black ink that reads "Michael Salem". The signature is fluid and cursive, with a long horizontal stroke at the end.

Michael Salem, M.D.
President and CEO

Our Mission since 1899 is to heal, to discover, and to educate as a preeminent health care institution.

We serve by providing the best integrated and innovative care for patients and their families; by understanding and finding cures for diseases we research; and by educating and training the next generation of health care professionals to be leaders in medicine and science.

Our Vision is to be the global leader in the research and treatment of respiratory, cardiac, immune and related diseases.

We pursue this vision by pioneering individualized medicine programs that embrace the paradigm shift from reactive medicine to proactive, personalized health care. These programs enable us to integrate the provision of outstanding patient care, the conduct of novel, basic, translational and clinical research, and the education of health care and research professionals. Through our efforts, we seek to achieve cures for patients who seek treatment and to bring new knowledge and discoveries to help people worldwide.

MOUNT SINAI - NATIONAL JEWISH HEALTH

Respiratory Institute

The Mount Sinai – National Jewish Health Respiratory Institute is a collaboration between the Icahn School of Medicine at Mount Sinai, a top-ranked academic medical center in New York City, and National Jewish Health, the nation's leading respiratory hospital based in Denver. By combining the strengths of both entities, the integrated Respiratory Institute brings together leading expertise in diagnosing and treating all forms of respiratory illness and lung disease, including asthma, chronic obstructive pulmonary disease, interstitial lung disease and bronchiectasis.
