

Advanced Diagnostic
Laboratories

Dear Valued Client:

Effective Tuesday, December 7, 2021, the Mycobacteriology Laboratory is pleased to announce that susceptibility testing of *M. avium* complex for levofloxacin (LVX), azithromycin (AZM), ofloxacin (OFX), kanamycin (KAN) and ethionamide (ETH) has resumed.

These drugs may be requested from the Mycobacteriology requisition by selecting customized phenotypic susceptibilities (Test Code: NTM3; Billing Code MICSD) and circling the desired antimycobacterial drug from the list of abbreviations.

If you have any questions, please contact our Client Service Team at 800-550-6227 or via email at CLINRefLabs@NJHealth.org.

Sincerely,

A handwritten signature in black ink, appearing to read "Reeti Khare".

Reeti Khare, PhD, D(ABMM)
Director, Mycobacteriology and Respiratory Infections Laboratory
Advanced Diagnostics Laboratory, National Jewish Health
