BEHIND THE SCENES at National Jewish Health

Robert Love, Scott Elliott and Frank Grimaldi
visit National Jewish Health in Denver on
October 17, 2022

Honoring
ROBERT LOVE

Group Director and
Senior Vice President
Signature Bank

Robert Love serves as the Group Director of Asset Based Lending (ABL) for Signature Bank. When he joined the Bank in 2013, Bob was tasked with launching the Signature Bank Asset Based Lending Platform, which includes recruiting, origination, operations, and the development of the ABL credit policy. This year, the ABL group will be celebrating its 10-year anniversary.

Robert has spent his 30-plus year career in asset based lending. Prior to Signature Bank, he was the head of asset based lending for Amalgamated Bank. He has also held positions at Royal Bank of Scotland/Citizens, CIT, General Electric (GE), and The Bank of New York (BNY) Commercial Corporation.

Robert started his career as a field examiner, later working as an underwriter and portfolio manager at BNY before joining GE as an originator. At GE Commercial Finance, Bob sourced more than \$1.5 billion in new asset-based volume for the East Region. He won the Imagine award for creative structuring, and earned a Green Belt Quality certification in Lean Six Sigma.

Robert holds a bachelor's degree in economics from New York University. He grew up in Astoria, Queens and now lives in Massapequa, NY with Kim, his wife of 29 years, and their two children, Gabrielle and Christopher.

**National Jewish
Health®**

Breathing Science is Life.®

National Jewish Health is *the* place in the United States where patients with the most difficult cases of lung, heart, immune and related diseases seek life-changing care.

Your philanthropic gifts enable our dedicated team of doctors and scientists to bring hope to children and adults worldwide by pursuing new pathways of care, treatment and discovery.

Thank you

Thank you for supporting National Jewish Health through the Financial Industries Dinner. Increase your impact by donating at njhealth.org/FID or scanning the QR code.

Dear Friends,

Thank you for being a part of the 45th annual Financial Industries Dinner benefiting National Jewish Health. Your generosity makes a difference to thousands of children and adults from across the country and internationally who seek answers — and need hope — when faced with challenging lung, heart, immune and related conditions.

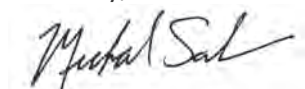

Your support enables our world-class physicians, practitioners and scientists to lead cutting-edge research and clinical care programs that keep us at the forefront of innovation. Our reputation of excellence, 124 years in the making, propels us to uncover the root causes of breathing and heart problems, drive breakthroughs to alleviate the symptoms of autoimmune conditions and advance novel treatments for antibiotic-resistant lung infections, and many others. We also remain attentive to the debilitating impacts of long COVID, which is informing our understanding of immune response, a key factor in many diseases.

Recently, we commemorated the first year since opening the Center for Outpatient Health, our state-of-the-art clinical space that reflects the future of the institution. Other infrastructure upgrades over the next year will make way for enhanced research and advanced patient care capabilities to ensure the best outcomes possible for our patients and families.

To learn more about our breathtaking discoveries and life-changing care, visit njhealth.org, or contact our Development Office. We invite you to take a personal Behind the Scenes[®] tour to see firsthand why we are the nation's leading respiratory hospital. Please contact us at **212.297.0857** to arrange a visit.

On behalf of our Board of Directors, Council of National Trustees, faculty, staff and the patients and families we serve, thank you for joining us at the Financial Industries Dinner. Best regards.

Sincerely,

A handwritten signature in black ink that reads "Michael Salem". The signature is fluid and cursive, with the first name "Michael" and last name "Salem" clearly distinguishable.

Michael Salem, M.D.
President and CEO

Dear Friends and Colleagues,

We are happy to acknowledge both our esteemed honoree, Robert Love, and the incredible institution for which we are raising funds this evening. National Jewish Health is a world-class institution that is changing lives all over the world through compassionate patient care and groundbreaking research that are second to none.

National Jewish Health demonstrates excellence through some of the most notable research in medicine. We are also thankful to this unequalled institution for a 124-year commitment to treat all patients, regardless of ability to pay. In fiscal year 2022, National Jewish Health provided \$44 million in charity or subsidized services, making possible specialized care for thousands who otherwise could not have this access. We extend a special thanks to each of you, as you are generously helping millions of people who suffer from lung, heart, immune and related diseases. That is why your support is so important.

Again, thank you for joining us to honor Robert and support this worthy institution that impacts the health of people around the world. We encourage you to browse through this program and see all of the people who have made tonight possible.

Have a wonderful evening!

*Member, National Jewish Health Council of National Trustees

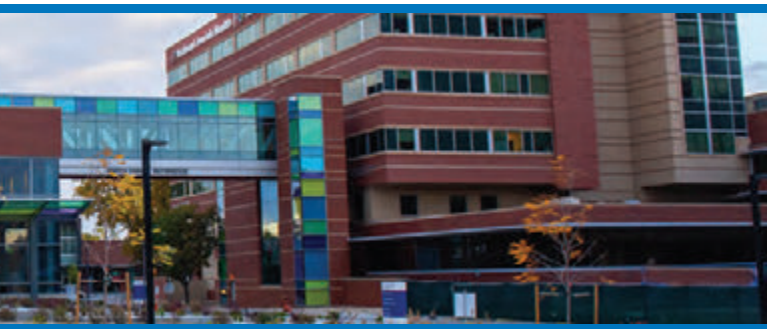

For as many as in **1 in 4 Americans**, conditions such as asthma, allergies, COPD, interstitial lung diseases, lung cancer and many others, can significantly interfere with quality of life or be life-threatening.

When you give to National Jewish Health, you give hope to millions of people each year through groundbreaking research and coordinated care.

Best in the Nation

National Jewish Health achievements include:

- Recognized worldwide for the impact of scientific findings and for developing national guidelines for the diagnosis and care of asthma, lung cancer, COPD, idiopathic lung disease, atopic dermatitis, among many other diseases.
- Physicians and scientists regularly publishing their groundbreaking work in the most prestigious scientific and medical journals, including *Cell*, *New England Journal of Medicine*, *Lancet* and *JAMA: The Journal of the American Medical Association*.
- Consistently recognized as worthy of support by the National Institutes of Health (NIH).
- Ranked at the top in Pulmonology by *U.S. News & World Report* for 26 consecutive years. Earned the highest ratings available for COPD, Pneumonia and Lung Cancer Surgery programs.
- More than 50 physicians recognized among the best doctors on lists, including "America's Top Doctors" by Castle Connolly.

Groundbreaking Research

National Jewish Health has made many important scientific findings and advances, including:

- IgE, the molecule responsible for allergic reactions.
- The T-cell receptor gene, which is critical to immune response.
- Proteins that slow growth of cancer tumors.
- Asthma research that has led to many of the medications available today.
- Life-changing treatment for cystic fibrosis, extending the lives of patients into adulthood.
- Stopping the progression of COPD.
- Discovering the root cause of chronic fatigue in long COVID.

Educating Future Leaders in Medicine

National Jewish Health physicians and scientists are thought leaders, elevating the standard of care for patients while preparing the next generation of health care professionals to be leaders in medicine and science. More than 900 physicians and scientists have held fellowships at National Jewish Health.

Whether you live in New York, London, Denver — or anywhere else in the world — your support of National Jewish Health, right now, will help to make possible life-changing care and breathtaking discovery that will impact you, your children, and generations to come.

Breathing Science is Life.®

National Jewish Health is the leading respiratory hospital in the nation. Founded 124 years ago as a nonprofit hospital, National Jewish Health today is the only facility in the world dedicated exclusively to groundbreaking medical research and treatment of patients with respiratory, cardiac, immune and related disorders. Patients and families come to National Jewish Health from around the world to receive cutting-edge, comprehensive, coordinated care.
