

Kunsberg School Wins Grant from El Pomar Foundation

DECEMBER 03, 2012

DENVER — Kunsberg School is a day school program on the campus of National Jewish Medical and Research Center for students in grades K-8 who may require medical assistance during the normal school day. The only school of its kind in the country, Kunsberg serves children from throughout the Denver metro area who are suffering from asthma and other chronic diseases.

Approved by the Colorado State Department of Education, Kunsberg provides students with a well-rounded education while teaching them and their families how to live with and manage their disease. National Jewish provides nearly \$1 million per year to operate the school, which is free to children.

National Jewish Health is the leading respiratory hospital in the nation. Founded 125 years ago as a nonprofit hospital, National Jewish Health today is the only facility in the world dedicated exclusively to groundbreaking medical research and treatment of children and adults with respiratory, cardiac, immune and related disorders. Patients and families come to National Jewish Health from around the world to receive cutting-edge, comprehensive, coordinated care. To learn more, visit the [media resources](#) page.

Media Resources

We have many faculty members, from bench scientists to clinicians, who can speak on almost any aspect of respiratory, immune, cardiac and gastrointestinal disease as well as lung cancer and basic immunology.
