

Pulmonologist and Palliative Care Specialist Dr. Amanda Stephens Joins National Jewish Health

SEPTEMBER 25, 2018

DENVER, CO — Amanda Stephens, MD, has joined the faculty at National Jewish Health in the Division of Pulmonary, Critical Care and Sleep Medicine. She comes to National Jewish Health following a fellowship in Hospice and Palliative Care Medicine at the University of Colorado. Dr. Stephens will establish a unique palliative care program for patients with pulmonary diseases at National Jewish Health.

She will think creatively about complicated symptom management, help patients achieve their specific life goals despite their respiratory disease and facilitate discussions about end of life decision making. Additionally, Dr. Stephens will see general pulmonary patients on the National Jewish Health main campus.

Dr. Stephens received her medical degree at New York University School of Medicine and completed her residency and a fellowship at Boston University School of Medicine.

National Jewish Health is the leading respiratory hospital in the nation.

Founded 125 years ago as a nonprofit hospital, National Jewish Health today is the only facility in the world dedicated exclusively to groundbreaking medical research and treatment of children and adults with respiratory, cardiac, immune and related disorders. Patients and families come to National Jewish Health from around the world to receive cutting-edge, comprehensive, coordinated care. To learn more, visit the [media resources](#) page.

Media Resources

We have many faculty members, from bench scientists to clinicians, who can speak on almost any aspect of respiratory, immune, cardiac and gastrointestinal disease as well as lung cancer and basic immunology.
