Programs and Services

- [Palliative Care](#)

Specialties & Conditions

- [Chronic Cough](#)
- [Chronic Obstructive Pulmonary Disease \(COPD\)](#)
- [Dyspnea \(Shortness of Breath\)](#)
- [Interstitial Lung Disease \(ILD\)/Pulmonary Fibrosis](#)
- [Lung Cancer](#)
- Palliative Care Integration for Patients with Chronic Respiratory Diseases
- [Pulmonary Hypertension \(PH\)](#)

Research Areas

- Palliative Care Integration for Patients with Chronic Respiratory Diseases

Special Interests

My clinical interest is providing the best possible care for patients with pulmonary disease and critical illness. In addition to identifying and treating the causes of shortness of breath, I am interested in providing multidisciplinary and integrative treatment for the symptom of breathlessness in the outpatient setting. In the inpatient and intensive care settings, I strive to offer as many state of the art interventions as possible along with helping patients and families to determine how we can use these therapies in a way that aligns with their values and goals.

Board Certification

2017: ABIM Certified: Critical Care Medicine

2016: ABIM Certified: Pulmonary Diseases

2014: Board Certified in Internal Medicine

Education

Education

2011 New York University School of Medicine (New York, NY)

2007 Stony Brook University Honors College (Stony Brook NY)

Residency

2011 - 2014 Boston University School of Medicine (Boston, MA)

Fellowship

2014 - 2017 Boston University School of Medicine (Boston, MA)

2017 University of Colorado School of Medicine (Aurora, CO)

Awards & Recognition

Boston Medical Center Quality Improvement Award
Sir James Black Award and Scholarship in Pharmacology
Phi Beta Kappa and Golden Key Honor Society
